

Appendix C: Survey Questionnaire

Clifton Area Pedestrian Circulation Study

Please help us identify problem areas and improvements for pedestrian and bicycle facilities in the Clifton area.

1. Where do you live? – List nearest major intersection: _____

2. Do you currently walk or bicycle in the Clifton area? Yes No

If not, why not? _____

If so, why? *Check all that apply*

- Going to a bus stop
- Going to work
- Recreation and/or exercise
- Running errands
- Other: _____
- Don't Use

Which facilities do you use? *Check all that apply*

- Sidewalks
- Bike Lanes
- Bike Paths
- Crosswalks
- Greenways
- Unpaved street shoulders
- GVT Bus Stops
- Other (specify) _____

3. Please rate the following characteristics **in the Clifton area** using a scale of 1=poor, 2=fair, 3=good, and 4=very good.

Characteristic	1 Poor	2 Fair	3 Good	4 Very Good
There are sidewalks where you need to go				
Bus stops are easy to get to				
It is safe to walk				
It is safe to ride a bike				
Condition of sidewalks				
Separation of traffic from walkways				
Ease of crossing streets				
Safety of crossing streets				
Curb ramps at street crossings				
Width of streets at pedestrian crossings				
Adequate pedestrian signal time to cross streets				
Markings and signs for pedestrian crossings				
Lighting on walkways				
Signs for bicycle facilities				
Markings for pedestrian walkways				
Pedestrian access to bus stops				
Bus stop waiting and boarding areas				

Please continue on the other side

4. Please identify any specific problem areas that you know. Include the location with the nearest intersection and a description of the problem.

5. Please provide any pedestrian and bicycle facility improvements you would like included in the plan for the Clifton area.

Please provide your e-mail address if you would like to be notified when the Draft Report is available:

Thank you for providing your input.
