## Appendix C

---

- A transit service would be cost efficient for people driving back and forth to work and provide jobs and service for the community.
- Because I do not have a car, I don't work because I'm afraid I won't get to work. If we had a bus, I can work.
- Daughter starts college in the fall and I doubt she'll have gas money everyday; prices are too high.
- Dialysis patient.
- Drive our elders to places to shop for their personal necessities.
- Fix the county lanes for us and get a snowplow.
- Get the train running like it used to run.
- Good idea.
- Good idea. A bus running from housing to the clinic and hospital.
- Great idea, let's hope and pray this works!
- Have secure parking lots for private vehicles at start of trip. Start small to see what's involved before expanding service.
- Help us.
- Hire more people that work, not just walk around here.
- I have experienced needing a ride when my car breaks down. I would like to save mileage and my elderly parents could use it for the doctor and to see relatives
- I hope it goes through because it will be good for our tribe and other people. Good luck!
- I see a problem on the Reservation concerning the elders who don't have transportation to go shopping in Hardin or Billings.
- I think the bus should run all day—from 7 a.m. to 6 p.m. for people who need a ride to the hospital.
- I think this will help the community because not all people can afford cars and have jobs to pay for gas. This would help many people, especially the elders.
- It would be great to have our own transit. Let's pray that it comes to pass.
- It would be nice to have this in our tribe but it all depends on how long it lasts and if it is abused by relatives.
- It would be nice.
- It would be really good to have a transit bus running for those who don't have cars.
- Low cost.
- Practical so that family members wouldn't borrow single vehicle and younger members wouldn't cruise but could take transit and return when business was done.
- Pryor needs help, please include.
- Single mothers need transportation for children's appointments and the elderly need transportation for appointments.
- The bus should go from Crow to Wal-Mart.
- The bus would benefit those who are in a limited income area with the gas prices.
- This is a very good idea, people on the Reservation are sometimes on foot (no car).
- This is a very good idea. I pray it all works out.

- This would be an excellent idea for senior citizens, people who aren't employed and students going to college.
- This would be awesome for cutting costs and mileage.
- This would be great for the community as a whole, especially for those who can't afford car payments as well as students and the elderly. Great idea, hope something comes of it!
- This would be nice to have.
- Transit service would be very useful for the elderly citizens and for families who don't have vehicles.
- Transit would be good for times of high gas prices. Sometimes you don't want to have to drive to Billings you want someone to drive for you.
- Transportation is crucial in this very rural area. Some people do not have licenses and it is needed most for children, the elderly and underage teens.
- We really need this transit service.
- We've got a good chairman!
- Wish there were paved walkways for alongside the roads for walkers, as well on the frontage roads east and west.
- Would help with the high price of gas.
- Would pay fee to commute back and forth to work from Pryor.
