

Appendix I: Additional Comments

Appendix I: Additional Comments

- Good idea to start with Saturdays before adding Sundays; great idea for Clancy, Jefferson City, Marysville; bike racks – splendid idea; keep contract route; extend hours to 9:00 or 10:00 p.m.; all services M-F; (Talk with Governor Sweitzer. He already agrees with me and other pedestrians and other citizens).
- Expand routes/times; fully fund the system; increase visibility in the community.
- For the many years in Helena, my biggest gripe was the gross lack of public transportation.
- I think it might be something that would be worth looking into would be public transportation – N on Montana – E on Custer to York – W along 12 or Euclid – S to I am not sure – park-and-ride locations should also be looked into.
- They should have done this along time ago. They should have more drivers on the weekends and more hours on weekdays – like two different shifts. Thanks. I have lived here in Helena for 39 years – born and raised here.
- Green Meadow Drive – too far out; N Valley; shared lot at Bobs Market; send Ed the ridership data back.
- We need more affordable public transportation. Please fund this effort at an adequate level. Make it easy and convenient so ridership will rise. You could start with a fleet of buses running every 15 minutes up and down Euclid and Montana. Most of Helena lives within 15-minute walking distance of these two arteries.
